

EWX14450W

Fully integrated 1400rpm spin electronic washer dryer

EWX14450W

PRODUCT BENEFITS

INSPIRE

INSPIRE

With their clean design, intelligent functionality and maximum ease-of-use, the INSPIRE range of appliances by Electrolux instills the confidence of the most demanding

consumers.

PRODUCT FEATURES

Condenser dryer, no venting required

A condensing tumble dryer is the right choice when you don't have an outside vent. It is easy to install and you can place the dryer almost anywhere. The condenser system transforms the moisture in the re-circulated air into water, which then is then pumped out through the waste pipe. The condensing tumble dryer could also be more energy saving as it gives off heat to the surrounding room.

Timer controlled drying

With timer controlled drying the drying goes on during the time you choose. You find approximate drying times for different quantities and textiles on the panel and in the user manual.

SOMETHING TO CONSIDER

EWX12550W

Fully integrated 1200rpm spin electronic washer dryer

TECHNICAL DATA

Model Number:	EWX14450W
Colour:	White
Product Class:	Front loaded WD
Product Installation:	Built-in
Height (mm):	820
Width (mm):	600
Depth (mm):	541
Max Spin Speed:	1400
Load Capacity kg (Wash):	6
Load Capacity kg (Dry):	4.0

Electronic controls

This model features electronic controls for easier operation and programme selection. There is also an LED display to show the time until end of programme - helping you plan your time.

Washing Technology:	Eco valve with 2 rinses
Drying Technology:	Water condense
Motor System:	Universal
Rinse System:	Anti-foam system
Energy Class:	B
Wash Energy Rating:	A
Volt:	230-240
Drum Volume:	46
Spinning Noise IEC7043:	0
Water Consumption per cycle Wash & Dry (litres):	87.0
